SECTION 1 – TECHNICAL NORMS – JUNIOR GRADES

REGULAR SEASON

1 IMPORTANT NOTES

1.1 Spirit of the Technical Rules

- a. Disputes or ambiguities in Little League baseball rules will be resolved according to the spirit and intention of the rules. The ABA Competition Committee has the final say.

1.2 Little League Rules

- a. The ABA follows Little League International rules with additional league-specific rules for fun and balanced play. Coaches/Managers must understand these rules to ensure a positive experience for players. Parents are encouraged to learn the basics of Little League baseball. The rulebook is available as a free mobile app, approved for use in the dugout for referencing rules.

1.3 Rules and Regulation Updates

- a. The ABA follows the latest [Little League® Official Regulations](#), Playing Rules, and Operating Policies. Rule changes are available on the Little League website and updated in the rules app annually.

1.4 Cheat Sheets

- a. The ABA Rules Committee provides "cheat sheets" for key rules. In case of discrepancies, the Technical Norms take precedence.

2 EQUIPMENT AND UNIFORMS

2.1 Balls

- a. The ABA supplies baseballs for all grade play, funded through team fees.
- b. Minor League must use Flexiball.
- c. Majors, Intermediate, Juniors, and Seniors must use league-approved balls.
- d. Little League teams must provide at least four new approved regulation balls (two per team) to the umpire. Spare balls must be available, especially in wet weather, and must match the model in the Equipment Standards chart. The home team is responsible for extra balls if needed.
- e. The ABA provides game balls for championship playoff/final games and all ABA-run tournaments.

2.2 Metal Cleats

- a. Local ground rules take precedence and metal cleats may be prohibited on some diamonds.

2.3 Equipment

- a. All equipment must comply with [Little League Rules](#).

4 PLAYING THE GAME

4.1 Line-up Sheets

- Teams must submit their line-ups 30 minutes before game time. The Manager/Head Coach is responsible and must sign the line-up sheet, which is given to the scorer.
- Each Manager/Head Coach must hand in at the plate meeting to the umpire 3 copies of the line-up 5 minutes before the game. The line-up must include all starting players, fielding positions, and uniform numbers. Distribution:

Copy Colour	Person Retained By
White	Umpire Copy
Yellow	Scorer Copy
Pink	Opposition Coach / Manager Copy
Blue	Returned to the team's coach/manager

- All players must be on the team's official roster sheet held by the association.
- Breaches incur judicial penalties.
- Refer to Little League Rules for Mandatory Play in Minor, Intermediate, and Senior Leagues.
- Players cannot play in multiple teams within the same age group or division. Violations result in game forfeiture and a non-appealable 1-game suspension for the coach.

g. **Minors and T-Ball only:**

- i. Do not list absent players on the line-up card. Late arrivals can be added to the substitute list if announced to the umpire, added to the team sheet, and scorers informed. They must meet minimum play requirements.

h. **Major/Intermediate/Junior/Senior:**

- i. The full roster or a reduced list can be listed at the start, regardless of presence. Players cannot be added after the plate meeting.
- ii. All listed players must play and meet minimum play requirements.

4.2 Minimum Player Numbers

- a. A game can start with a minimum of 8 eligible players per team. If the 9th spot remains vacant, it incurs an automatic out each time through the line-up. Teams with fewer than 8 players at the start must forfeit the game. Refer to grade-specific rules for late arrivals.
- b. Teams unable to field 8 eligible players after 10 minutes of the scheduled start time forfeit the game.
- c. A game cannot start with only 7 players.

4.3 Team Warm-Up

- a. The team listed first in the draw chooses their dugout for regular season and playoff games.
- b. The home team has the last use of the diamond for warm-up and must have at least 5 minutes before the game's scheduled start. They remain on the diamond to start the game.

4.4 The Pitcher

- a. All players must strictly follow Pitch Smart guidelines and Little League Pitching Rules. If there is a conflict, the ABA will use the lower number. **Pitch Smart numbers are maximum limits, not targets.**
- b. **Minor League only:** Any pitcher who hits 3 batters in one inning must be replaced.

4.5 Courtesy Runner

- a. The ABA does not allow courtesy runners for the pitcher or catcher when there are two outs. Courtesy runners are not permitted.

4.6 Inning Run Rules

- a. **Minors:** Four (4) runs constitute an inning. The play that scores the fourth run is completed, but only four runs count. This applies to the first 4 innings only.
- b. **Majors:** Five (5) runs constitute an inning. The play that scores the fifth run is completed, but only five runs count. This applies to the first 4 innings only.
- c. **Intermediate/Junior/Senior:** Six (6) runs constitute an inning. The play that scores the sixth run is completed, and all resulting runs count. This applies to the first 5 innings only.

4.7 Tiebreakers – Little League Grades

- a. **All LL grades (except minors):** If a game is tied after the home team has completed their at-bat and time is up, the game continues into extra innings to determine a winner.
- b. In extra innings, the team at bat starts with a runner on second base.

- c. The inning's leadoff batter remains the same as if the game were in regular innings.
- d. The runner on second base is the batter (or substitute) immediately preceding the leadoff batter.

4.8 Ball 4 and Hitting Off the Tee – Minors Only

- a. On the fourth ball or an intentional walk, the umpire places a tee on home plate, and the batter swings to put the ball in play. The ball is in play if it travels 2 meters into fair territory.
- b. If the ball rests within 2 meters, the play is dead, and the batter swings again. This repeats until the ball is in play.
- c. Little League rules apply once the ball is in play.
- d. Batters hitting off the tee and runners can advance a maximum of two bases. This rule promotes more gameplay and reduces excessive walking. As pitchers improve, tee use will decrease.

4.9 Continuous Batting Order – Minors Only

- a. Minor league teams must use a continuous batting order, including all players present. Each batter must bat in their original order, regardless of substitutions and re-entries.

4.10 Adverse Playing Conditions

- a. Games will not commence if the ground controller or council deems the ground unfit.
- b. If a game starts but is abandoned before completing the required innings, it is declared "NO GAME."
- c. If 4 innings are completed, the score stands.
- d. If the game is tied after 4 innings, the score reverts to the last uneven inning, and the leading team wins.
- e. If the ground is declared playable but weather worsens, the umpire decides whether to play.
- f. Postponed, cancelled, or incomplete games will be rescheduled by the ABA Competition Committee. Coaches/clubs must notify the ABA Secretary of such games. The Competition Committee determines the outcome for games that cannot be rescheduled, with ABA Executive Board ratification.
- g. Rescheduled games stopped before 3 innings (18 outs) are voided. If 18 or more outs are recorded, the game resumes from that point with the same rosters and positions. Added players need opposing Manager/Head Coach approval.
- h. If no semi-final or final game is completed due to weather and no substitute day is scheduled, the highest qualifying remaining team is declared the winner if both semi-finals were played. If only one or no semi-finals were played, the competition round winner is declared the winner.
- i. The Competition Committee may change the venue if the semi-final or final ground is unplayable.
- j. The Competition Committee will attempt to reschedule any washed-out semi-finals or finals.

4.11 Game Results

- a. Scorekeepers must compare scorebooks and confirm the final score after each game. The home team must enter the game into the official Scoring System (My Ball Club) within 7 days. Failure to do so may result in a fine or forfeiture.

- b. Minor League 10U and Major League 12U coaches/managers must upload game results by 5:00 pm on the Monday following each game to the ABA online scoring portal, including photographs of line-up sheets and scoresheets. These sheets must show the full team line-up, final score, and be signed.

Baseball New Zealand and the Auckland Baseball Association is concerned about the unnecessary and violent collisions primarily with the Catcher at home plate and with infielders at all bases. **The intent of this rule is to encourage base runners and defensive players to avoid such collisions whenever possible.**

- a. When there is a collision between a runner and a fielder who clearly is in possession of the ball, **or in the act of fielding the ball**, the Umpire shall judge:
 - i. Whether the collision by the runner was avoidable (could the runner have reached the plate without colliding) or unavoidable (the runner’s path to the plate was blocked)
 - ii. Whether the runner actually was attempting to reach the plate or attempting to dislodge the ball from the fielder, or
 - iii. Whether the runner was using flagrant contact to maliciously dislodge the ball.

6.2 Penalty

Various penalties based on the nature of the collision:

- a. If the runner tries to dislodge the ball, they are declared out, and the ball is dead.
- b. If the fielder blocks the runner’s path, the runner can make contact if making a legitimate attempt.
- c. Malicious contact before touching the plate results in the runner being out and ejected, with the ball declared dead.
- d. If contact is after a preceding runner scores, the preceding runner is safe, the ball is dead, and other runners return to their bases.
- e. Safe runners involved in malicious collisions are ejected.
- f. Obstruction by the fielder without the ball results in a base award.

6.3 Protest

- a. Procedure of Protest:
 - i. Call time.
 - ii. Manager/Coach declares the protest to the Umpire, stating the rule number within 5 minutes. A \$50 fee will be invoiced if the protest is incorrect and must be paid within 7 days.
 - iii. The Umpire may pause the game to resolve the protest using the OBR 2024, ABA Technical Norms manual, or other sources. If the protest is correct, no fee is invoiced. The game continues after resolution.
 - iv. If unresolved, the Umpire signs the scorebook noting the protest details (rule number, inning, score, outs, batter's count, and runners on base) and resumes the game.
 - v. If still unresolved, the Manager/Coach must lodge the protest online within 24 hours using the ABA system, uploading the completed PDF protest form.
 - vi. For game-ending plays, the protest must be announced immediately before the Umpire leaves the field. The Umpire signs the scorebook, and the Manager/Coach follows the online protest procedure.
